

# WE BRING **SIMPLICITY** TO ADJUSTER LICENSING

At Supportive Insurance Services, we manage the entire licensing process for you – from obtaining initial licenses to maintaining them and filing the documents required by the various states. We take the pain out of licensing, simplifying it, making it affordable, and enabling you and your adjusters get on with helping insureds get back on their feet again after a loss.

## How We Can Serve You

Independent and staff claim adjusters face potentially confusing licensing requirements from one state to the next. Some states, in fact, may not even require a license for independent or staff adjusters, which can complicate matters even further when an adjuster doesn't have a license and is looking to work in a state that does. We will work with you and your organization to develop a customized plan to complete your adjuster licensing as effortlessly and expeditiously as possible.

## New Licensing

Supportive Insurance Services will provide you with all of the information you and your organization need to become licensed. Our team of adjuster licensing professionals will research state requirements to determine all insurance licensing requirements applicable to you. We will also handle all of the forms and submissions required for the insurance licenses you need. Once submitted, we will follow-up to ensure issuance of your licenses.

Licensing for adjuster firms is even more complicated than adjuster licensing. Some states require organizations be registered with the Secretary of State's office prior to applying for an agency license. We will obtain registered agent services, complete certificate of authority forms, coordinate paperwork with the departments of insurance and make sure your adjuster firm licensing is completed as expeditiously as possible.

## Licensing Management

At Supportive, we can provide you with Licensing Management services so that you don't have to worry about missing a renewal or falling out of compliance with continuing education courses. With this service, you have **online access to your license information** and can **track your continuing education course completions**. We will **notify you of upcoming license renewals** and **process them on your behalf**. We will also **advise the necessary insurance departments of any changes** to the firm's name, address and director and officers.
